Re: SAC PD Report: 21-144959

To SAC PD:

Timing and behavior of culprits of Incident to information (21-144959) conspicuously, evidentiarily (as to motives) betrays: 1. Officer D. Castro was involved in Conspiracy (as one joindered act) to either/and/or Murder myself, mug by aggravated assault and burglary, and Frame in plot to False Incriminate as Gross Police Misconduct. She Obstructed Justice by "Transporting" but not Arresting my assailant upon Prima-Facie Probable Cause meeting this Police, Law Enforcement Duty! She favored the Criminal in collusion with a Gang, per past assertions, attached to a Deviant-satanic-Occultic Cult resident on campus of Sacramento State University (now right here, per recurring patterns, is where my word processor will be erratically dysfunctional by interference illegal via exploited vulnerabilities of cellular networks... this gets so complicated unduly by said harassments criminal). Some leaders of Gang aforementioned ACTUALLY includes (Looptank Insurrection Command Level Responsibility Culprit) Parties: Bonzo (background as Irish Catholic Guerilla Warfare Footsoldier globally since historical events involving I.R.A. in Irela{okay... right here... wrdprcssr just paused dialoguing "...Please Wait" as rcrng erratic pattern at conspicuous times as if saving, but prolonged never stops but freezes then typing is missing post a reboot and need to recover by typing over and too frequently...then,

though he had the rest of an Elmer Fudd like head... where was I... okay; a criminal motive they both certainly did have is beyond practicable scope of purpose herein but suffice it to type that, recently prior, I had been compiling a Youtube playlist as a "casestudy" of topic at issue, including Pete's incorporeality and Divination activities citing his own subject material as proofs...
